

# SOLARNET Summer School

## High Resolution Solar Physics

at Institute of Physics, University of Graz, Aug 30 – Sept 3, 2021, Austria (<https://solarnet-project.eu/Schools>)

Sponsored by SOLARNET Grant No 824135 under European Union's Horizon 2020 research and innovation programme.

**Lecture Topics:** Instrumentation for high-resolution solar physics • High-resolution observations of the solar photosphere • Spectropolarimetry and the photosphere-chromosphere connection • Solar oscillations and wave phenomena • High spatial and spectral observation of stars • DKIST – A new high-resolution solar telescope

**LOC & SOC:** Arnold Hanselmeier (Uni Graz), Markus Roth (KIS)

**Lecturers:** Oskar v. d. Lühe (KIS), Klaus Strassmeier (AIP), David Kuridze (Aberystwyth Uni), Markus Roth (KIS), Ales Kucera (Slovak Academy Sci), Thomas Rimmele (DKIST)
